² For annual themes collected in more than one visit, the accumulated value refers to the visit with the highest effective sample in each year, according to Technical Note 05/2021 of the Continuous PNAD.

³ Theme collected in all visits and in all quarters; the table indicates the specific microdata source used for the thematic dissemination.

⁴ Theme collected in 2023 and 2024 only for individuals aged 14 to 17, due to the simultaneous publication of the theme on child and adolescent labor in those same years.
